STEVE FORBES

Get more out of your Forbes subscription with Portfolio Tracker!

Access all mutual fund data from this issue online

Because you're our valued subscriber, we just made your *Forbes* subscription a lot more valuable!

WITH PORTFOLIO TRACKER, you now have an easy way to manage your stock and mutual fund investments, with instant access to the unique *Forbes* perspective!

YOU'LL CREATE your own multiple portfolios or watchlists, choosing among 12,000 U.S. listed stocks and 10,000 mutual funds!

YOU'LL CUSTOMIZE each portfolio or watchlist by typing in up to 25 stock or fund symbols and choosing up to 15 column views from 38 investment criteria!

YOU'LL MONITOR your investments by name, shares owned, purchase price, current price, percentage change, dollar change, P/E ratio, market cap, stock splits, and many more useful criteria, all updated automatically!

YOU'LL RESEARCH your stocks and mutual funds via instant links to recent news, charts, message boards, company profiles and analysis, plus *Forbes* mutual funds ratings and 4 years of *Forbes*, *Forbes/ASAP*, *Forbes Global*, and *FYI* articles!

YOU'LL PROFIT with Portfolio Tracker because it's versatile, user-friendly, and allows you to get the key decision-making information you need quickly from a source you trust!

Portfolio Tracker gives you the Forbes advantage in making profitable investment decisions!

FREE

Portfolio Tracker @ Forbes.com is your secure, easy-to-navigate site for complete investment management. It will help you make profitable investment decisions by providing comprehensive data and the unique *Forbes* perspective!

- ✓ Organize, monitor, and calculate the value of your investments with a single portfolio, multiple portfolios, or multiple views of the same portfolio!
- ✓ Use a simple watchlist or customize each portfolio with up to 25 holdings and 15 column views selected from 38 investment criteria!
- ✓ Conduct comprehensive research on more than 12,000 U.S.-listed stocks and 10,000 mutual funds, including instant access to news, analysis, charts, and the most popular message boards!
- ✓ Obtain company information, press releases, fundamental and technical data, financials, industry ranking, analyst recommendations and reports, historical quotes, call put and insider trading activity, and much more!
- ✓ Get current and archived articles on the companies and funds you own from *Forbes*, *Forbes/ASAP*, *Forbes Global*, and *FYI*!
- ✓ Call up charts, choose your preferred technical indicators, set the parameters, and get breakout alerts for buying and selling!
- ✓ Overlay up to 12 technical indicators, including moving averages, bollinger bands, positive-negative volume, Wilder RSI, momentum, Stochastics, comparisons to major indicators, and more!
- ✓ Get the *Forbes* perspective on markets, industries, companies and mutual funds from columnists John C. Dvorak, Kenneth L. Fisher, Steve H. Hanke and others, plus daily news and analysis!

MUTUAL FUND INVESTORS

- ✓ Access the *Forbes* mutual fund ratings, including *Forbes* up and down market grades, tax and cost efficiency ratings, and risk-adjusted ratings!
- ✓ Get individual fund analysis, performance, asset allocation and sector weightings, plus valuations, top holdings and other fund details!
- ✓ Research similar funds, funds in the same family, fund news, best-worst funds per category, and more!
- ✓ Access all of the mutual fund articles in this issue and use Portfolio Tracker at www.Forbes.com/tracker to help select the best funds for you!

All of this is yours **FREE!**
