

“Please dear God...spare her this pain, one way ...or the other!”

I loved my dear wife Catherine more than life itself, but sometimes, watching her incredible and relentless suffering, I wondered how God could let her go on.

My prayers were answered and miraculously, Catherine enjoyed

# It gives me great joy to share the gift that saved my beloved Catherine's life.

Dear Friend:

I'd like, if I may, to tell you a true story.

If you live in constant dread of unbearable recurring pain that no medication seems to help or if you have other chronic health problems that no doctor has been able fix, what you're about to read may change your life.

My wife Catherine and I had been married for some 13 years, enjoying an active, healthy life together, when out of the blue, in 1961, she began to suffer reoccurring attacks of incredible, unbearable, excruciating pain.

She told me she thought the pain was probably more intense than childbirth, but unlike childbirth, it lasted, on and off, for years.

We never knew when an attack would hit. They seemed to happen two or three times a year and when it did, I sat by helplessly, watching as my beloved Catherine lay in agony, clenching her fists, biting her lip and uttering low, drawn out moans that cut through my heart like a hot knife through butter.

It was utter torture for me. And I know it was far worse for my dear wife.

Of course we saw plenty of doctors, the very best specialists we could afford. And they did all kinds of sophisticated tests and prescribed all sorts of medications, some of them heavy duty and dangerously habit forming. Catherine even underwent four surgeries, but the relentless attacks of pain continued.

I remember one night, it must have been 3:30 in the morning, sitting on the side of the bed with tears streaming down my face. I was holding Catherine's hand as she occasionally let out heart-wrenching shrieks of pain, and I thought to myself...“Dear God, how much longer can this go on?”

I remember praying to God to please send us an answer, to please do something, *anything*, to end my wife's suffering.

In desperation, thinking a warmer climate might help, we moved to Florida in the 70s. It's true that God really does act in mysterious ways. But what happened when we got to Florida is too much of a coincidence to attribute to chance.

Being new to Florida, I got a bad sunburn that sent me looking for something to soothe my pain. I was standing in the aisle of a local health food store reading labels when a total stranger reached around me and handed me a bottle.

“This is what you're looking for...” he said as if he could feel the pain of my sunburned skin. And then came the words that changed both Catherine's and my lives: “That's God's answer for every pain you'll ever have!”

I looked at the bottle, and when I looked up to ask him what he meant, he was gone.

I went home, opened the bottle and rubbed some of its liquid content on my sunburn. Magic! Within minutes I had relief.

Then I settled down in my favorite chair and read the label more carefully. It turned out that what the mysterious stranger had put me onto was a bottle of Aloe Vera concentrate. And on the back of the bottle it suggested that, taken internally twice a day it acted as a powerful rejuvenating tonic that could stimulate the body's own repair mechanisms and help with most any health problem.

I remember wondering if it would help Catherine? And I remember thinking...“Why would something so pure and natural work when all the fancy doctors and everything else had failed?”

## 20 years of chronic pain, ended forever!

Well, call it divine intervention or whatever you want, that very afternoon, Catherine began taking the Aloe Vera twice a day.

That was over 25 years ago and for the next 29 years, until the day my beloved wife finally passed peacefully away in 2007 at age 87, she never ever had another reoccurrence of her debilitating chronic pain.

Go figure! You can think what you want, I call it a miracle! Thanks to being introduced to Aloe Vera, Catherine and I were able to travel, to visit our family and friends and to thoroughly enjoy life and each other's company the way we did when we were newlyweds.

But, that's not the end of the story, not by a long shot.

I'm not the sort to merely accept such a life-changing event without thought, and as the realization that...“oh my gosh, she really is over it” sunk in, I began to investigate this miracle stuff called Aloe Vera.

I discovered it had been used as a natural healer for more than 3,000 years. Carvings of Aloe plants are cut into the walls of ancient Egyptian tombs.

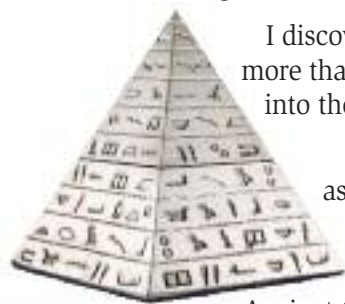

Aristotle (the father of medicine) is said to have asked Alexander the Great to conquer the island of Socotra so the army would have access to its rich fields of Aloe.

Ancient Greek and Chinese documents describe the healing power of the Aloe for pain, wounds, blisters, itching, kidney ailments, diabetes, and dozens of other health conditions.

## Friends and relatives wanted to know... *“What happened?”*

Naturally, everyone we knew was astonished and delighted to learn about Catherine's miraculous recovery. And they all started asking questions. In the beginning, we'd answer their questions by sending a bottle of the Aloe Vera I'd stumbled upon that day. And that was good. It worked for friends and family who suffered from a wide assortment of pain and other health problems.

I'll share a few of their remarkable stories as you read on.

But, as I got more and more into this whole thing, I also discovered that, like wine, or shoes, and everything else for sale in this world, the quality of the Aloe Vera available in natural health stores varies all over the place.

Of course, I wanted only the very best (100% pure, concentrated and free of chemicals) for Catherine and for my friends, so I started investigating the growers and the people who packaged and sold Aloe Vera. And here's what I discovered.

In the sun-drenched hills of Mexico, where the volcanic soil is rich in minerals and natural nutrients, I finally located an organic grower who nourishes his plants only with pure spring water and 100% organic fertilizers and never resorts to chemicals or insecticides. I've visited many Aloe Vera farms and this is the only one I know of that processes the entire plant by hand to include...

- ▶ **The outer thick green rind** – where all the precious, healing nutrients are concentrated.
- ▶ **Aloe sap** – found between the rind and the gel, it's filled with a potent natural painkiller, salicylic acid.
- ▶ **Inner gel** – which contains over 200 biologically active compounds – including acetylated mannans, polymannans, anthraquinone C-glycosides, anthrones and anthraquinones and various lectins – all of which have amazing health benefits.

I've watched this Mexican grower slice open his fat, juicy, premium-quality whole leaves within hours of harvest to dry them slowly in his special ovens that remove excess water without altering the delicate molecular structure of the nutrients inside.

Following strict guidelines for certified organic processing, the Aloe leaves are then ground and the liquid put through two different filters to yield a pure Aloe that's rich in all of this miracle plant's important polysaccharides and other biologically active compounds – but nothing else.

This precious Aloe then undergoes a special low-heat drying process that reduces the liquid to a powder. After years of buying Aloe Vera in health food stores, Catherine and I found that the polysaccharide-rich, 100% pure Aloe Vera Powder from this organic grower was easy to

digest and easily absorbed. It's the only one Catherine would settle for. Indeed it was so superior it became known as Catherine's Choice™!

So, some years ago, with the help of my dear Catherine, we set out to make this superior form of Aloe Vera available to our friends. We labeled our 100% pure Aloe Vera, Catherine's Choice™ so our friends would know it was the miracle tonic that had snatched her from a lifetime of agony.

And in 1981, because so many people asked how can we get it, we decided to start our own company, Aloes International offering two products: Catherine's Choice™ Aloe Vera Capsules, and SportaRub. Today those are still our most asked for remedies and we now have hundreds of thousands of loyal customers – like Jerri Rush, whose own personal story follows – who swear by them and wouldn't be without them.

Over the years, we've received literally thousands of heart-warming stories from the new and dear friends we've made because they tried Catherine's Choice™ telling us that our Aloe Vera ...

- ✔ **Gives an amazing boost** to your energy level that can make you feel young again
- ✔ **Defends against colds**, flu and viruses by energizing your natural immune system
- ✔ **Helps relieve pain and stiffness** in aching joints that make you feel older than you are
- ✔ **Increases strength** and endurance so you enjoy life more
- ✔ **Rejuvenates your skin** and can erase ten or even twenty years of aging
- ✔ **Helps lower cholesterol** and triglyceride levels and even strengthens hearts
- ✔ **Answers all sorts of age-related ailments** and complaints.

If you suffer pain or other chronic health problems, it would be my great pleasure to let you try our Aloe Vera so you can see for yourself if it helps.

## **I pray that you'll find the same relief as Catherine and so many other good people:**

I was truly blessed to have enjoyed almost 30 years of exciting and wonderful life with Catherine once Aloe Vera saved her from her life of anguish. I am eternally grateful and, although it may sound self-serving,

I would like very much to have you try Catherine's Choice™ Aloe Vera.

I know your mailbox is probably filled with offers to try many wonderful-sounding supplements...and that if you've tried some of them and been disappointed that you may be understandably skeptical about this one. That's why I'm happy to offer you this...

### **Thank you Catherine's Choice!**

Before using your great Aloe Vera capsules...the awful pain was controlling me!! There were days that I could hardly move ...Not any longer!! I'm back in control with the help of the good Lord and Catherine's Choice™ Aloe Vera. – Donald Olson

## **Risk-Free, one-time-only get acquainted offer:**

I'd like to make it easy and risk-free for you to take Catherine's Choice™ Aloe Vera for a long enough time to really give its healing power time to kick in all the way. I know, from Catherine's experience and from listening to so many friends, that, because everyone's individual body chemistry is different and because Aloe Vera works differently on various ailments – that the healing span varies enormously. Some people notice relief in hours or days, but a lot of folks tell me it's a gradual thing that can take a month or two to take full effect.

That's why I want to make it easy and RISK-FREE for you to take Catherine's Choice™ for long enough to prove to yourself what it will do for you. So, I'll be more than happy to send you a 90-day supply with the understanding that if, after giving the capsules a 90 day Fair Trial, you haven't seen a real improvement, you can return the empty bottles and I will refund every penny of your purchase price, no questions asked!

What's more, you can claim your refund any time after the 90 days are up until a full year from your purchase date, so there's no "fine print" or exclusions involved here. You have my word on it. Plus, I'd like to offer you...

### **This worked BETTER than my regular pain meds!**

"I've tried all of the drugs but nothing helped until I tried Catherine's Choice.™ Now I can get up in the morning and not be moaning and groaning." – Barbara Owens

# Here's the science behind nature's gift to all pain sufferers:

Catherine's Choice™ Aloe Vera is super-rich in nature's most powerful anti-inflammatories and pain killers.

- ✔ **4 pain-stopping plant sterols.** Cholesterol, Campesterol, Beta Sisosterol and Lupeol, all used and studied around the world as highly effective anti-inflammatory agents.
- ✔ **Salicylic acid.** The natural pain-killer that reduces the production of the prostaglandin hormones that produce painful inflammation.
- ✔ **An effective COX-2 inhibitor.** Most of the popular prescription arthritis remedies are in a class called COX-2 inhibitors because they inhibit the body's production of the enzyme linked to inflammation. Catherine's Choice™ tackles not only the COX-2 enzyme, but another inflammatory agent called bradykinin to reduce swelling and relieve sprains and strains two ways.
- ✔ **A powerful healer.** Aloe is able to penetrate seven layers of the skin to get into muscles and inflamed joints 4 times faster than water.
- ✔ **7 essential vitamins,** including energy-boosting "B" vitamins such as B6 and B12.
- ✔ **Over 20 important minerals** and trace elements your body needs to heal and to regenerate healthy tissue.
- ✔ **Eight essential amino acids** and eleven "secondary" amino acids all of which contribute to your body's ability to heal itself.
- ✔ **Over 300 times more antioxidant** power than Vitamin C and E, so you can fight aging more effectively.
- ✔ **Promotes better absorption** so your system makes better use of essential vitamins and minerals.
- ✔ **6 natural antiseptics** that fight bacteria and protect you against infection.
- ✔ **PLUS...Aloe Vera devours cholesterol.** Studies show it can reduce LDL (bad) cholesterol as much as 30% and lower triglyceride levels as much as 44%.

Let me introduce you to my dear friend Jerri Rush, who was trapped by agonizing pain for 40 years before she discovered Catherine's Choice™ Aloe Vera capsules:

JERRI RUSH

**“I was so thankful to Catherine for saving my life!”**

Hello:

My name is Jearaldeen “Jerri” Rush and back in 1962, doctors told me that in 5 years I’d be in a wheelchair. My nightmare started one night when I was seven months pregnant with my second child. My husband was away, I heard my baby daughter crying and when I tried to get up to go to her, I was in so much pain I couldn’t move. In the morning it was all I could do to crawl down the stairs.

By the time my son was born, I could hardly use my hands to take care of him. My knuckles turned red and throbbled like a toothache. My feet hurt so bad I couldn’t wear shoes. I couldn’t hold a toothbrush and I even had to use pliers to turn the ignition switch in my car.

For forty long years I existed from one pain-filled day to the next. My doctor tried medicine after medicine. Some gave me temporarily relief, but would soon become ineffective. I can’t tell you how many prescription drugs I tried in all.

**“My constant pain destroyed my marriage, but I wouldn’t allow it to destroy me!”**

In 1994 I remarried to a wonderful, kind man who took such good care of me. But, as if my constant pain were not enough, he passed away after eight years of marriage. I don’t know how I got through the wake and the burial. It was terrible and I was sick and tired of being sick.

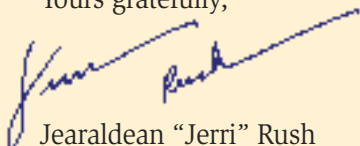

Then, one day, in one of those unexplainable moments, I happened across a booklet, just like the one you're reading now, on Catherine's Choice.™ I don't know what prompted me that day to act, but I picked up the phone and called. A man named Stewart Dawson spoke with me and on October 24, 2002, I started taking Catherine's Choice™ Aloe Vera capsules. What happened was a miracle...

### **“After 40 years of prayer, I finally found blessed relief!**

After just one week, there was a tremendous difference. I could hardly believe my miracle. Now, going on seven years later, I'm still pain-free. I know God had a hand in leading me to order. If you suffer from pain that no doctor seems able to fix, I hope God will bless you with this miracle too.

I know I will keep taking Catherine's Choice™ forever. It saved my life!

Yours gratefully,

Jearaldean “Jerri” Rush

## **Praise the Lord for His Gift of Aloe Vera!**

**BALFOUR KNIGHT**

“As an organist and choir director, I literally live by my hands. When arthritis in my knuckles threatened the success of my Christmas Cantata, I needed to do something fast! Then, I discovered Catherine's Choice.™

I began taking the capsules, 4 a day, on Saturday November 29. The next day, the pain was less. By the following Wednesday at choir rehearsal, the improvement was dramatic! To make a long story short, we

had a beautiful Christmas Cantata. And every note was me praising our Lord for his wonderful gift of Aloe Vera!” – *Balfour Knight*

Dear Mr. Bridges,

When he was 85 years old my husband, Donald Florea, was told by doctors that his joints were worn out and he had two choices: to take pain pills, or to live with the pain.

At about that same time, he received a mailing from your company and ordered a two month supply of your Aloe Vera capsules. Within a week he could feel a difference. Before two months were past he was able to put his billfold in his hip pocket again. Five months after starting to take your capsules, he felt so good he was able to put in 12- to 14-hour days working on our farm.

Donald believed God put us on earth to help each other. That is why he offered his testimony freely to Aloes International to use in your advertising. He even invited people to call or visit him so they could see for themselves what your Aloe Vera capsules had done for him. He never asked or received one penny from the sale of your products; he just wanted to help others find relief from their pain.

Sincerely, Doris Florea

**If you've tried everything for your pain and nothing worked, please don't give up.**

**I'd be more than happy to let you try Catherine's Choice™ completely risk free!**

I know my dear Catherine would want to share her good fortune with as many pain sufferers as possible. If she were still alive, I know exactly what she'd say to you:

**"Can you remember how great it felt when your joints were supple, your energy was high, and your body could go the distance from dawn to dusk? And, would you like to feel that way again? Even if**

**pain has been your constant companion for years, like me, you can turn back the clock on ouchy knees, tender hips, creaky shoulders and all of the other aches and pains that rob you of life's joys.**

**Please, do as I did and give yourself the most blessed gift of pain-free living!"**

Even if you've suffered for years...

Whether you're still young, or in your 70s...80s...90s...or beyond...  
Regardless of what medications you may have tried without relief...

See for yourself if Catherine's Choice™ doesn't change your life forever!

**Try Catherine's Choice™ Aloe Vera capsules at my risk and take advantage of this one-time-only SPECIAL INTRODUCTORY OFFER!**

Over the years, from observing Catherine's original condition and later, from hearing from our many loyal users who became like friends, and even family – I've learned that because everyone's body chemistry and the ailments that plague us are different, the healing time before relief can vary from as little as a few days, to a gradual difference that comes on over a period of a month or two or occasionally even longer.

That's why I want you to have a 3-month supply of Catherine's Choice™ Aloe Vera Capsules RISK FREE – at a special, one-time-only special introductory price!

I want to make it as easy as possible for you to be able to take Aloe Vera capsules long enough to see for yourself what they can do for your pain. So here's my RISK-FREE promise to you:
